## WB21 evolves into Black Banx

Toronto, March 25th, 2019: WB21 Group announced the rebranding of its corporate name and logo to Black Banx. Following eighteen months of preparation, today the Group launched its new corporate image created around Black Banx across the globe. WB21 decided to rebrand its corporate image using the more expressive name “Black Banx” to better describe the business activities and the companies rebel approach in the banking industry.

Black Banx stands for liberalisation of banking, combining modern technologies such as blockchain and crypto currency with the world of traditional retail banking. Black Banx`s philosophy is to offer accounts to private and business clients that would usually be turned down by traditional Banks, given they are in an industry such as crypto currency trading, that traditional Banks have “black listed”.

Black Banx Group launched its digital banking platform in December 2015, and has acquired more than eight million active clients since its launch. Based on its unique business model that allows Private and Business customers from 180 countries to open bank accounts in less than 8 minutes, Black Banx has experienced rapid growth during the past years.
